

Solving garden problems: *Identifying insects*

Expert advice

August 13,
2025

1:30pm until
3:30pm

Part two in a three-part series
Conducted by Sara Rutherford, Extension agent

Program Location

Greensville/Emporia Extension Office

Do you ever wonder what insect is damaging your plants? Would you like to learn how to identify problematic and beneficial insects affecting trees, flowering plants, fruits or vegetables? Would you like recommendations for controlling those problematic insects? If so, this educational program is for you! Join us for part three in our series to learn how to identify insects of all types and get recommendations for the best control methods for the pesky ones.

To register, please call 434-348-4223 by August 8, 2025. This is a free class and space is limited. For more information about this program, contact Sara Rutherford, srutherford@vt.edu.
